Google search results explanation

The image shows a screenshot of a Google search results page with various elements annotated with letters A through T. The search term is 'google'. The results include a link to 'Google' with a description and a link to 'Google Groups' with a description. The annotations are as follows:

- A**: [Advanced Search](#)
- B**: [Preferences](#)
- C**: [Language Tools](#)
- D**: [Search Tips](#)
- E**: Search input field containing 'google'
- F**: [Google Search](#) button
- G**: Google logo
- H**: [Web](#) tab
- I**: Search results summary: Searched the web for **google**. Results 1 - 10 of about 8,050,000. Search took 0.12 seconds
- J**: [Google](#) link
- K**: [... New! Get the Google Search Appliance for your site. Advertise with Us - Search Solutions - News and Resources - Jobs, Press, Cool Stuff...](#)
- L**: [Description: Lists the results in the order of popularity, determined by the number of links...](#)
- M**: [Category: Computers > Internet > Searching > Search Engines](#)
- N**: [www.google.com/ - 3k - Supplemental result - Cached - Similar pages](#)
- O**: [Google Groups](#) link
- P**: [Groups, ... Post and read comments in Usenet discussion forums. New! Google offers complete 20-year Usenet Archive with over 700 million messages.](#)
- Q**: [www.google.com/grphp?hl=en - 6k - Cached - Similar pages](#)
- R**: [\[More results from www.google.com \]](#)
- S**: [\[More results from www.google.com \]](#)
- T**: [\[More results from www.google.com \]](#)

Google search results explanation

The image shows a screenshot of a Google search results page with 20 callout letters (A-T) pointing to various UI elements:

- A**: Points to the [Advanced Search](#) link.
- B**: Points to the [Preferences](#) link.
- C**: Points to the [Language Tools](#) link.
- D**: Points to the [Search Tips](#) link.
- E**: Points to the search input field containing the text "google".
- F**: Points to the "Google Search" button.
- G**: Points to the Google logo.
- H**: Points to the "Web" tab in the navigation bar.
- I**: Points to the category breadcrumb: [Computers > Internet > Searching > Integrated Search Pages](#).
- J**: Points to the "Google" link in the first search result.
- K**: Points to the description of the first search result: "Lists the results in the order of popularity, determined by the number of links...".
- L**: Points to the category breadcrumb of the first search result: [Computers > Internet > Searching > Search Engines](#).
- M**: Points to the URL of the first search result: www.google.com/.
- N**: Points to the "Google Groups" link in the second search result.
- O**: Points to the description of the second search result: "Post and read comments in Usenet discussion forums. New! Google offers complete 20-year Usenet Archive with over 700 million messages."
- P**: Points to the URL of the second search result: www.google.com/grphp?hl=en.
- Q**: Points to the "Cached" link in the second search result.
- R**: Points to the "Similar pages" link in the second search result.
- S**: Points to the "More results from www.google.com" link.
- T**: Points to the "More results from www.google.com" link.

Google search results explanation

The image shows a screenshot of a Google search results page for the query "google". The page is annotated with letters A through T, pointing to various elements:

- A**: Points to the "Advanced Search" link.
- B**: Points to the "Preferences" link.
- C**: Points to the "Language Tools" link.
- D**: Points to the "Search Tips" link.
- E**: Points to the search input field containing "google".
- F**: Points to the "Google Search" button.
- G**: Points to the Google logo.
- H**: Points to the "Web" tab in the navigation bar.
- I**: Points to the search status bar: "Searched the web for google. Results 1 - 10 of about 8,050,000. Search took 0.12 seconds".
- J**: Points to the "Google" link in the category path.
- K**: Points to the advertisement text: "... New! Get the Google Search Appliance for your site. Advertise with Us - Search Solutions - News and Resources - Jobs, Press, Cool Stuff...".
- L**: Points to the advertisement description: "Description: Lists the results in the order of popularity, determined by the number of links...".
- M**: Points to the category path: "Category: Computers > Internet > Searching > Search Engines".
- N**: Points to the "Google Groups" link.
- O**: Points to the "Groups" link in the navigation bar.
- P**: Points to the "Supplemental result" link.
- Q**: Points to the "Cached" link.
- R**: Points to the "Similar pages" link.
- S**: Points to the "Google Groups" result snippet: "Groups, ... Post and read comments in Usenet discussion forums. New! Google offers complete 20-year Usenet Archive with over 700 million messages."
- T**: Points to the "More results from www.google.com" link.

Google search results explanation

The image shows a screenshot of a Google search results page with 20 callout letters (A-T) pointing to various UI elements. The page is titled "Google search results explanation".

- A**: Points to the "Advanced Search" link.
- B**: Points to the "Preferences" link.
- C**: Points to the "Language Tools" link.
- D**: Points to the "Search Tips" link.
- E**: Points to the search input field containing the text "google".
- F**: Points to the "Google Search" button.
- G**: Points to the Google logo.
- H**: Points to the "Web" tab in the search category menu.
- I**: Points to the search status bar: "Searched the web for **google**. Results 1 - 10 of about 8,050,000. Search took 0.12 seconds".
- J**: Points to the "Google" link in the category breadcrumb.
- K**: Points to the advertisement text: "... New! Get the **Google** Search Appliance for your site. Advertise with Us - Search Solutions - News and Resources - Jobs, Press, Cool Stuff...".

- M**: Points to the category breadcrumb: "Category: Computers > Internet > Searching > Search Engines".
- N**: Points to the "Google Groups" link.
- O**: Points to the "Groups, ..." text in the search result snippet.
- P**: Points to the "Post and read comments in Usenet discussion forums." text.
- Q**: Points to the "New! **Google** offers complete 20-year Usenet Archive with over 700 million messages." text.
- R**: Points to the URL "www.google.com/grphp?hl=en".
- S**: Points to the "More results from www.google.com" link.
- T**: Points to the "6k - Cached - Similar pages" text.

Google search results explanation

The image shows a screenshot of a Google search results page with 20 callout letters (A-T) pointing to various UI elements. The page is titled "Google search results explanation".

- A**: Points to the "Advanced Search" link.
- B**: Points to the "Preferences" link.
- C**: Points to the "Language Tools" link.
- D**: Points to the "Search Tips" link.
- E**: Points to the search input field containing the text "google".
- F**: Points to the "Google Search" button.
- G**: Points to the Google logo.
- H**: Points to the "Web" tab in the search navigation bar.
- I**: Points to the search status bar: "Searched the web for google. Results 1 - 10 of about 8,050,000. Search took 0.12 seconds".
- J**: Points to the "Google" link in the category path.
- K**: Points to the main search result snippet: "... New! Get the Google Search Appliance for your site. Advertise with Us - Search Solutions - News and Resources - Jobs, Press, Cool Stuff...".
- L**: Points to the description of the search result: "Description: Lists the results in the order of popularity, determined by the number of links...".
- M**: Points to the category path: "Category: Computers > Internet > Searching > Search Engine".
- N**: Points to the URL of the search result: "www.google.com/ - 3k - Supplemental result - Cached - Similar pages".
- O**: Points to the "Google Groups" link.
- P**: Points to the "Groups, ..." part of the search result snippet.
- Q**: Points to the "Post and read comments in Usenet discussion forums." part of the search result snippet.
- R**: Points to the "New! Google offers complete 20-year Usenet Archive with over 700 million messages." part of the search result snippet.
- S**: Points to the URL of the search result: "www.google.com/grphp?hl=en - 6k - Cached - Similar pages".
- T**: Points to the "[More results from www.google.com]" link.

Google search results explanation

The image shows a screenshot of a Google search results page with various elements labeled with letters A through T. The page is framed with a torn paper effect. The labels are as follows:

- A**: Points to the [Advanced Search](#) link.
- B**: Points to the [Preferences](#) link.
- C**: Points to the [Language Tools](#) link.
- D**: Points to the [Search Tips](#) link.
- E**: Points to the search input field containing the text "google".
- F**: Points to the "Google Search" button.
- G**: Points to the Google logo.
- H**: Points to the "Web" tab in the navigation bar.
- I**: Points to the search results summary bar: "Searched the web for **google**. Results 1 - 10 of about 8,050,000. Search took 0.12 seconds".
- J**: Points to the "Google" link in the category path.
- K**: Points to the advertisement text: "... New! Get the **Google** Search Appliance for your site. Advertise with Us - Search Solutions - News and Resources - Jobs, Press, Cool Stuff...".
- L**: Points to the advertisement description: "Description: Lists the results in the order of popularity, determined by the number of links...".
- M**: Points to the category link: "Category: [Computers > Internet > Searching > Search Engines](#)".
- N**: Points to the "Google Groups" link.
- O**: Points to the "Groups, ..." text in the search result snippet.
- P**: Points to the "Post and read comments" text.
- Q**: Points to the "New! **Google** offers" text.
- R**: Points to the "complete 20-year Usenet Archive" text.
- S**: Points to the URL "www.google.com/grphp?hl=en".
- T**: Points to the "More results from www.google.com" link.

Google search results explanation

The image shows a screenshot of a Google search results page with various elements labeled with letters A through T. The page is framed with a torn paper effect. The labels are as follows:

- A**: Points to the top navigation links: [Advanced Search](#), [Preferences](#), [Language Tools](#), and [Search Tips](#).
- B**: Points to the Google logo.
- C**: Points to the search input field containing the text "google".
- D**: Points to the "Google Search" button.
- E**: Points to the search input field.
- F**: Points to the search button.
- G**: Points to the "Web" tab in the navigation bar.
- H**: Points to the search status bar: "Searched the web for **google**. Results 1 - 10 of about 8,050,000. Search took 0.12 seconds".
- I**: Points to the category breadcrumb: [Computers > Internet > Searching > Integrated Search Pages](#).
- J**: Points to the "Google" link in the first search result.
- K**: Points to the main text of the first search result: "... New! Get the **Google** Search Appliance for your site. Advertise with Us - Search Solutions - News and Resources - Jobs, Press, Cool Stuff...".
- L**: Points to the description of the first search result: "Description: Lists the results in the order of popularity, determined by the number of links...".
- M**: Points to the category breadcrumb of the first search result: [Computers > Internet > Searching > Search Engines](#).
- N**: Points to the "Google Groups" link in the second search result.
- O**: Points to the main text of the second search result: "Groups, ... Post and read comments in Usenet discussion forums. New! **Google** offers complete 20-year Usenet Archive with over 700 million messages."
- P**: Points to the category breadcrumb of the second search result: [www.google.com/grphp?hl=en - 6k - Cached - Similar pages](#).
- Q**: Points to the category breadcrumb of the second search result.
- R**: Points to the category breadcrumb of the second search result.
- S**: Points to the main text of the second search result.
- T**: Points to the "More results from www.google.com" link at the bottom of the second search result.

Google search results explanation

The image shows a screenshot of a Google search results page with various elements highlighted by lettered callouts (A through T). The callouts are as follows:

- A**: Points to the [Advanced Search](#) link.
- B**: Points to the [Preferences](#) link.
- C**: Points to the [Language Tools](#) link.
- D**: Points to the [Search Tips](#) link.
- E**: Points to the search input field containing the text "google".
- F**: Points to the "Google Search" button.
- G**: Points to the Google logo.
- H**: Points to the "Web" tab in the search filters.
- I**: Points to the category breadcrumb: [Computers > Internet > Searching > Integrated Search Pages](#).
- J**: Points to the "Google" link in the search results.
- K**: Points to the "Search Solutions - News and Resources - Jobs, Press, Cool Stuff..." text.
- L**: Points to the description: "Lists the results in the order of popularity, determined by the number of links....".
- M**: Points to the category breadcrumb: [Computers > Internet > Searching > Search Engines](#).
- N**: Points to the "Google Groups" link.
- O**: Points to the text "Groups, ... Post and read comments in Usenet discussion forums. New! Google offers complete 20-year Usenet Archive with over 700 million messages."
- P**: Points to the URL www.google.com/grphp?hl=en.
- Q**: Points to the text "- 6k -".
- R**: Points to the text "[Cached](#) - [Similar pages](#)".
- S**: Points to the text "[More results from www.google.com]".
- T**: Points to the text "www.google.com".

Google search results explanation

The image shows a screenshot of a Google search results page with several elements highlighted by lettered callouts:
